

## What happened at the February 2016 Permaculture Workday.

We were at Lewys and Hafsa's new allotment in February at Dinefywr Home Farm. The couple have a plan for their plot and needed help to start their off their vision.

The jobs were mainly to dig and turn over the ground ready for planting, so everyone brought wellies, forks, spades and wet gear in case of rain.

12 members attended the workday and luckily, it didn't rain.

Loads got done and we finished with a great lunch as usual. We are looking forward to updates from Lewys and Hafsa and watching their land becoming abundant.

Well done and thank you everyone!

See you at next month's permaculture session at Mat's. New members very welcome.

Please contact Sue on 077805 44470 to enquire about joining in..
